### ALSO Environmental Data Service (Cloud Service Providers)

ALSO Environmental Data Service

#### General Conditions of Use of the ALSO Environmental Data Service

Update of 27/09/2024

#### I. PURPOSE

These General Conditions of Use govern the conditions of access by the RESELLER to the ALSO Environmental Data Service, provided by ALSO A/S, registered under CVR number 17630903 (ALSO) solely for informational purposes.

By accessing the ALSO Sustainability Data Service, the RESELLER acknowledges and fully accepts the service conditions, and the methodology of calculation used in the provision of the data.

#### 2. THE SERVICE

The Service ("The Service" consists of the provision two types of information to Resellers in the context of specific product purchase from ALSO: 1. emission data related to delivery of the orders placed by our customers, covering the transportation with ALSO's logistics partner, Bring, from the ALSO warehouse in Taastrup, Denmark, to the recipient address, and 2. carbon footprint of purchase goods.

#### 2.2. DATA SOURCE & CALCULATION METHODOLOGY

**Data source:** The Environmental Data regarding carbon footprint of purchase goods and logistic emission data provided by ALSO through the Service is sourced from third parties.

You have accepted these Terms and Conditions.
